Dear Toy Group Participant:

It's always a relief to know exactly where you're going and what to expect. Most of the information you will need is on the ACEF Web site, www.k9education.org. Click on the "gold" oval titled Graduate Institutes at the top of the page. Scroll down and you will find several links including a link titled "**Attention Students!**" in a yellow box toward the bottom right side of the page. This is very important. Please take the time to read it. You might also check on "**Specific Links for the WILDWOOD, NJ Group Institute**".

We've been informed to wear comfortable shoes and dress in layers. It can be cold in NJ in February. The classes are held in Meeting Room 3 or 2. Lunch will be in Meeting Room 1. Check the online map. Also look for signs. The current breed schedule is also online but remember this is subject to change. Registration is 12:30pm on Wed Feb 3rd. Classes follow at 1:15pm.

Should you have any questions, please do not hesitate to telephone (Col Pedé' 703-451-5656 or Nina Sherrer 970-461-7767) or email me. Please be sure to include "*student question*" in the subject line.
